

North Bay Regional Health Centre Emergency Medicine Locums

North Bay Regional Health Centre (NBRHC) is seeking Emergency Medicine Locums and is offering shift flexibility and excellent compensation!

About Us:

We are a 24/7 department staffed by a collegial group of CCFP-EM, FRCP(EM) and experienced CCFP physicians in a multidisciplinary team that includes a NP, RT's nurses, geriatric ED nurses, a sexual assault program and crisis intervention workers. Our department sees an average 140 patients per day in a fast paced environment. We are a regional stroke referral center, a level III trauma center and have a large catchment area of smaller surrounding communities. We have onsite CT and MRI imaging modalities.

Our workload is broken into 8 shifts per day, typically with double or triple physician coverage. Our team is well supported by specialists including ortho, surgery, ENT, urology, pediatrics, anesthesia, obstetrics & gynecology and internal medicine and its subspecialties.

Community Information:

Situated roughly equal distances from Toronto and Ottawa and surrounded by two large beautiful lakes, we really are "just north enough to be perfect". Our population of 52,000 boasts that our city is the perfect mix of opportunity and lifestyle. Located between Lake Nipissing and Trout Lake, North Bay provides residents and visitors alike with countless recreational opportunities. Join us for a locum and experience the beauty of Northern Ontario while you are here!

Hospital Information:

Circa 2011, NBRHC is a 419 bed facility houses our well organized 41 bed ED with 2 trauma bays, 4 bed acute care room, easy to access imaging, Level 1 trauma infusers.

We are also the regional center for psychiatric care in Northeastern Ontario and have well established inpatient and outpatient psychiatric programs.
